Unfortunately, it's hard to tell which is which until you're neck-deep in their consequences, and by then it's usually too late. We mention this only because in this issue, Johnny convinces his sister Sue to go along with a scheme to use her powers to turn the flesh of his skull invisible, so that when he flames on he can pass himself off as the Ghost Rider and settle some old scores. The original five conclude their X-Factor adventures and return to the X-Men fold!

With old foe Cameron Hodge pulling the strings, it could even end in X-Tinction!
