The Female Cenobite looked up and saw the Engineer. He thought he was remaking her for his purposes, but she has ideas of her own.

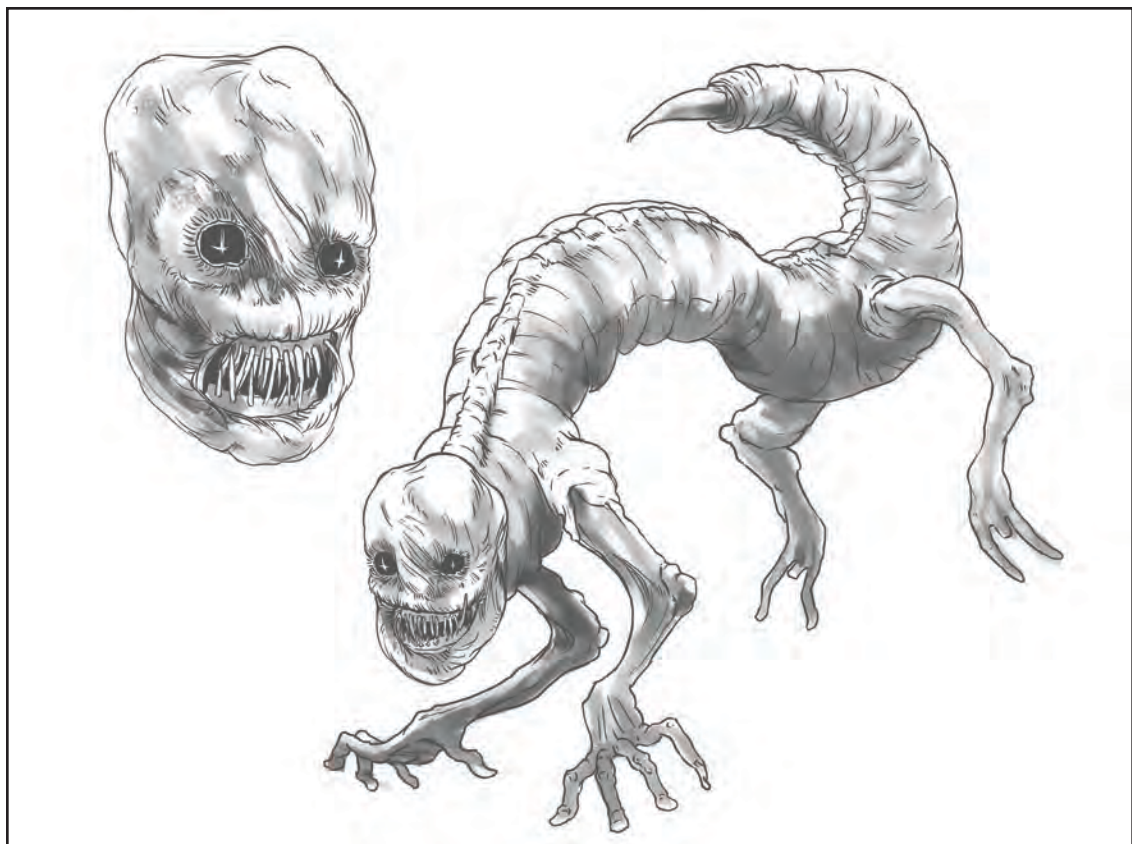

The Female Cenobite was dead. Or close to it...until the Engineer found her. One of his most promising Cenobites—laid low by a human. This would not do. The restoration process would be long and painful—oh so painful. But he would rebuild her stronger than ever before...

But when she rejects the Engineer's plans for her remaking, she's cast down into the harrowing Nidus: the place where the larval stage of Cenobites fight to survive. She's been here before and made it out alive—and she'll do it again.

Fans of *Hellraiser* and *Hellbound: Hellraiser II* will love the revival of the classic Cenobite as told by writer **Tini Howard** and artist **Jenna Cha**, as she embarks on a new path—one that leads to a collision course with her old demonic order.

We saw the fall of Butterball at the end of *Hellbound: Hellraiser II*. Now we'll witness his rise as the wounded Cenobite is taken in by a mysterious do-gooder who slowly nurses him back to health, all while worming her way into his brain...and maybe even his heart?

The horrors come fast and hard as writer **Nero Villagallos O'Reilly** and artist **Francesca Ciregia** weave a terror tale that revisits the classic Cenobite and fills in the gaps between *Hellbound* and now. But is Butterball the hero of this story, or is it the woman he's falling for?

Uncover the hellbound history of Pinhead, Clive Barker's most infamous creation!

He's lived so many lives. He's died so many deaths. Does it ever end? Is there peace or only endless war? He's lived with so many names—The Hell Priest, The Acolyte, The Cold Man, and the one that has always plagued him—Pinhead.

Caught in the sensory deprivation of Middle Hell, Elliot Spencer suffers the worst fate: no feeling at all. No pain, no pleasure, just unending consciousness. When the glory of Leviathan's light finally sears through him, granting him the gift of pain—it's revelatory. The Hell Priest must journey to remake himself and gather his Gash once more to bring the cherished blessing of pain to all that deserve it. After all, there is a calling telling him the way...no, that he is the way...

Writer **Sarah Gailey** and artist **Alessio Avallone** explore the ecstatic depths of sensation in this stage-setting one-shot.
