BEING YOUNG NEVER GETS OLD! THE MILESTONE COMICS PUBLISHING EVENT OF THE YEAR STARTS HERE AS ONI PRESS AND ARCHIE COMICS PROUDLY PRESENT A GROUNDBREAKING NEW ONGOING SERIES FOR THE MOST JOYOUS COMIC BOOK ICON OF ALL!

A new day is dawning in Riverdale as *New York Times* bestselling writer, Edgar Award and Philip K. Dick Award winner, and Eisner Award nominee Ben H. Winters (EC's *Cruel Universe*, *Benjamin*) joins multiple Eisner Award-winning artist Fábio Moon (*Daytripper*, *Casanova*) to reintroduce America's favorite teenager—and begin a star-studded countdown to Archie's 85th anniversary—with a 21st-century testament to teenage idealism and the limitless joy of Archie Comics!

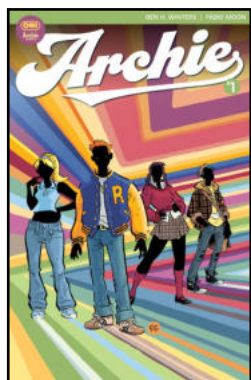

For his entire life, 17-year-old Archie Andrews has had it all: adoring friends, football glory, and a natural charm that always seems to make him the center of attention. And, at the center of it all, lies an enigmatic paradox that only Archie's pal Jughead Jones can possibly unravel . . .

MEET YOUR ALL-NEW ARCHIE:

AN INTERVIEW WITH BEN H. WINTERS

MORE FROM
BEN H. WINTERS

What drew you to Archie? Were you a fan before writing this new series?

BHW: The thing about Archie is that Archie is part the culture, something you don't stumble upon or get turned on to, it's simply *there*—Betty and Veronica, Jughead and his love for hamburgers, loveable, kindhearted, effortlessly heroic Archie ... these characters and this world are part of our collective cultural inheritance, as much as Mickey Mouse or Coca-Cola or the Beatles. So ... yeah. Always a fan.

It's hard to think of a comic character who has a longer, richer history than Archie Andrews. What's it like stepping into that world, and how are you making it your own?

BHW: For one thing, it's a huge honor and, in a sense, a huge responsibility. Everybody knows Archie, everybody loves Archie, so you come into it with a sense of, don't eff this up, dude. But then once you get the gig, once you're sitting down to write these stories, you really can't go into it with too much reverence, because that's a recipe for boring stories, or stories we've seen before. The job is to have fun, the job is to make it new, and you gotta run with that.

Over a long career in a lot of different mediums, I've always tried to figure out what is the story *beneath* the story. What's the grander question being asked, what's this detective *looking* for beyond the solution to the mystery at hand. So don't be surprised, even as Archie and his pals have their high school/Riverdale adventures, if they—and we—find some larger quests for meaning rippling beneath the surface.

Archie's 85-year history really showcases how adaptable the character's appeal is. What do you think it is about Archie that has kept readers interested year after year, decade after decade?

BHW: Archie himself is like Tom Sawyer or Mickey Mouse or Bugs Bunny: enterprising, good-natured, loyal, funny, and kind. In any generation, in any moment in history, he's the sort of guy people want to spend time with.

What sort of stories can we expect in these first few issues? Will you be drawing entirely on the past or adding to bits to the Archie tapestry?

BHW: A little bit of both, of course. Archie will be late for school, he'll be torn between Betty and Veronica, he'll hang out with the gang at the Chock'lit Shoppe. But he'll also be recognizably a contemporary kid in a contemporary world, with some contemporary challenges. I think that kids today are a bit less insulated from the pressures and realities of adult life, and you can expect some of that pressure and some of those realities will crop up in these stories. I'm also having a lot of fun expanding the world of Riverdale, finding new corners of town and new characters for Archie—and us—to meet.

How has collaborating with Fábio Moon been? He's an unreal talent!

BHW: Couldn't agree more. There is a charming element of the surreal in his work that I absolutely

love, and that makes me want to think of stories to push the limits of what we expect from Archie in terms of groundedness and realism. Kudos to Oni Press, by the way, for recognizing that a legacy property like Archie can only be improved by putting in the hands of a truly visionary artist.

Do you have a favorite member of Archie's extended cast?

BHW: I'm a huge Jughead fan. We Jugheadheads know that the boy with the palookaville hat is Riverdale's magical fool, the untutored philosopher, floating above the mundane problems of the world dropping pearls of offhand wisdom. He's Linus; he's Yorrick; he's Walt Whitman, lounging and loafing against a tree, chewing a blade of grass, understanding everything and offering comfort if we are wise enough to listen.

Also, dude loves hamburgers.

You've had massive success in the television industry, you're a prolific writer of prose, and only recently have you stepped into the world of comics. Has that been a big adjustment for you?

BHW: (Well, I don't know about *massive*, but I appreciate the sentiment.) Obviously every art form has its own particular challenges, and it did take me a beat to figure out what a comic book script even looks like, and how best to communicate my vision with the artists. Also, comic book people are so nice and generous and easy to talk to, it took me a while to stop being suspicious about it.

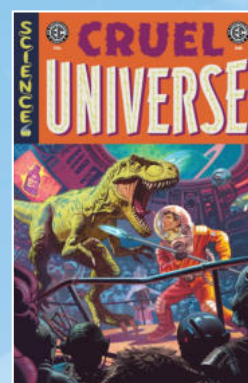

At heart, every kind of writing shares certain tenets, which have crossed over from my novels to the TV writing to comics: *Who's the central character of this story? What's the conflict? In what way, large or small, does this character change over the course of the story?* It's the same in a 45-minute TV episode as in a 400-page novel as in an 8-page comic feature. That's the spine. That's the *point* of it. Everything else is flesh on those bones.

Most important question: Betty or Veronica?

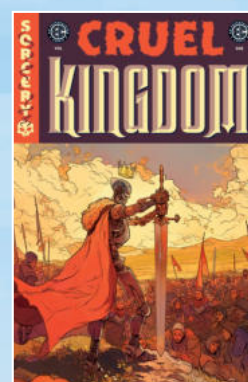

BHW: I feel like as the new writer of Archie I should be an impartial arbiter. Having said that ... Betty. ■

From comics superstar Christian Ward (*Event Horizon: Dark Descent*, *Batman: City of Madness*) and visionary artist Sami Kivelä (*Abbott*), prepare to challenge the limits of time, technology, and human endurance itself as one family's refuge from the end of the world becomes a mind-bending nightmare reaching far beyond the future. Inside: Time stands still. But outside: Something even worse than the apocalypse awaits . . .

Famed scientist Henry D'mour tried to save the world. He failed. But, in a desperate bid to save himself, his wife, and their two children, he constructed THE FOREVER HOME—an ark of luxury and ultramodern convenience insulated from the agony of the planet's death throes outside its walls . . . and even time itself. Inside THE FOREVER HOME, only 20 minutes pass for every year on the outside . . . allowing the D'mour family to slowly enact their plans for a new world as their automated environment and robotic companions keep them safe. WRITER OLIVER MERTZ **ARTIST/COVER** ALEX DIOTTO

From writer and colorist extraordinaire Oliver Mertz (*The Monuments, First Law of Mad Science*) and acclaimed artist Alex Diotto (*Youth, Indigo Children*) comes a weird tale of conspiracy, faded superheroics, and suburban angst in '90s Washington, D.C.

Sixteen-year-old Ari Ackerman just witnessed a murder. Or two. Or maybe he didn't. He's not quite sure. What he does know is that he loves the Washington, D.C., punk scene and is trying very hard to process the perpetual impending death (and frequent resurrections) of his cancer-stricken father. Ari's best friend, Maya Meng, just wants to hang out and go see Jawbox play at the Black Cat. But sadly, an escalating series of unexplained deaths can really ruin a perfectly good day.

For readers who like *What's the Furthest Place from Here?*, *Love and Rockets*, David Lynch, Daniel Clowes, *Seinfeld*, Agatha Christie, Powers, Fugazi, and Wes Anderson, *A Ghost Arm Made of Angry Ghosts* is sure to evoke all the feelings that come with being an outsider, making sense of the world around you, and finding your place in it.

That is no coincidence—now the truth about the monsters the yuletide holds at bay will finally be revealed in a gleaming gift of epic holiday adventure from creators George Northy (EC's *Shiver Suspense*) and Rachele Aragno (*Leonide the Vampyr*)!

Welcome to the small festive town of Christmas, Pennsylvania—the merriest place on Earth . . . or so they'd like to think. While the whole town leans into the commercial holiday glow, angsty local teens Jake, Abe, and Wyn are more interested in the legends of evil spirits and monsters that are rooted in the season's ancient origins.

But their seemingly harmless hobby leads them to a discovery which unleashes a furious procession of yuletide horrors once banished from our plane—a darkness that has been waiting centuries for its chance to overtake the world!

In the tradition of *The Goonies*, *Hocus Pocus*, and *The Nightmare Before Christmas*, *Yuletide: Curse of the Winter Witch* is a haunting holiday tale unleashing a monstrous new kind of seasonal tradition on readers young and old!

The book features design tools and guides to empower both new and experienced gamers to modify existing multicharacter scenarios for individual play and craft all-new solo epics utilizing an ingenious mix of oracles, emulator tables, and quick-reference charts. These resources can also be used by Lawgivers to quickly forge plots and conflicts for their player groups, ideal for when they don't have a lot of preparation time to stage a game. Each of the three complete adventures included in the book embodies a different play style, from murder mystery narratives with set paths to randomized, improv-powered stories created on the fly with dice and encounter tables. This book requires the *Role-Playing Game of the Planet of the Apes Core Rulebook* for play.

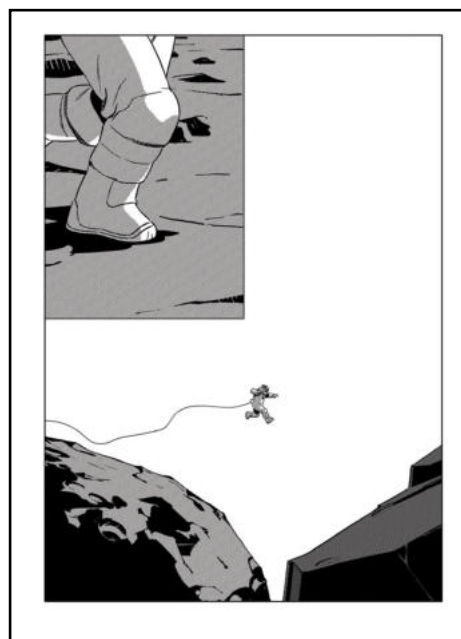

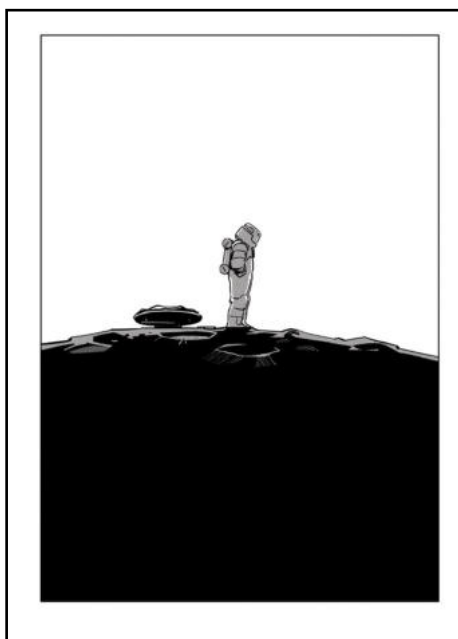

PEACEFUL REMISSION HC

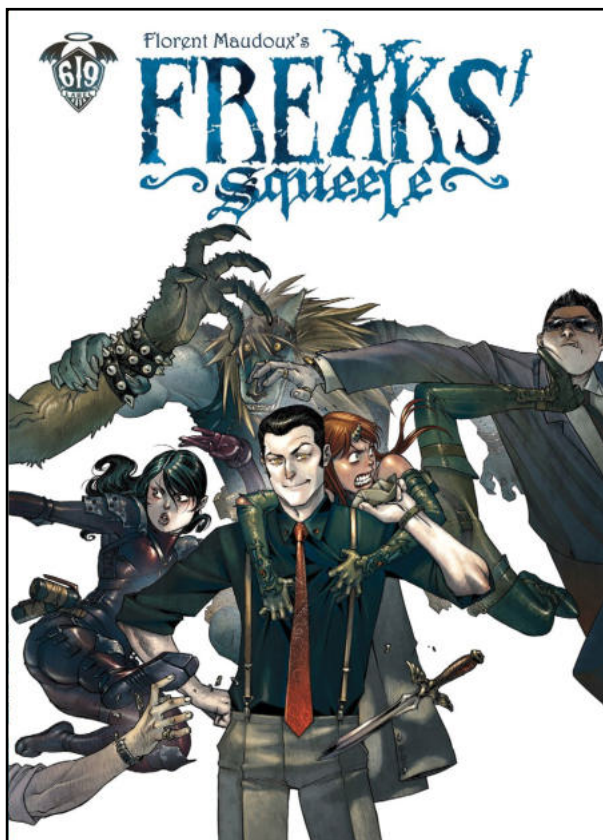

HARDCOVER	\$29.99	260 PAGES	FC	6" x 9"
IN STORES SEPTEMBER 16				

WRITER/ARTIST/COVER JONATHAN DJOB NKONDO

Animation director Jonathan Djob Nkondo (*Scavenger's Reign*, *Gorillaz*) tells a melancholy tale of life in a space-faring future. Set in a sleek satellite home orbiting Earth, *Peaceful Remission* follows elderly couple Marlène and Jerry Nomo, whose quiet life is disrupted by a mysterious nighttime rumble. But the real tension lies not in the noise but in Marlène's simmering frustration with Jerry's passivity. The incident becomes a catalyst for emotional confrontation, revealing the cracks in their long-standing relationship. When Jerry's obsession with a recent discovery leaves Marlene responsible for his health and well-being, their seemingly ordinary tasks—shopping, driving, caregiving—are refracted through a surreal, futuristic lens, emphasizing the emotional weight of routine and the quiet heroism of unspoken love.

Encapsulating themes of conjugal fatigue, silent devotion, and the illusion of tranquility, this surreal, contemplative work is told through clean, futuristic interiors contrasted with intimate character framing. In this fragmented yet lyrical tale that alternates between dialogue and silent observation, Jonathan Nkondo uses the sterile calm of space as a metaphor for emotional distance, crafting a story that feels both timeless and eerily current.
